

Project Name and Location:	<b>Benton First United Methodist Church – Phase I &amp; II</b>
Name & Address of Owner/Contractor:	Benton First United Methodist Church 841 US Hwy 641 S – Benton, Marshall, Kentucky

These projects are the first and second phases of the master plan for a total church facility campus. Pinnacle Inc was selected by the church during the planning stages and participated in the design process.

The first phase consisted of site work and the construction of two facilities, Building A with offices, library and classrooms and Building B with classrooms, recreation/fellowship area and worship area.

Phase two construction began in 2009 and includes two additional facilities, an educational building and a multi-purpose recreational building.
